

## Electrical Parts for Forklifts

Forklift Electrical Parts - Forklifts can be purposely labeled to be utilized in hazardous locations. A labeled lift truck denotes the design has met the least requirements of ANSI/UL 558 meant for engine powered lift trucks or ANSI/UL 583 utilized for electric forklifts for the type of label placed.

The application for labels intended for lift lift trucks may be found in National Fire Protection Association NFPA 505 - Powered Industrial trucks including: Type Designations, Areas of Use, and Maintenance and Operation. Check with your local insurance provider and Fire Marshall for more information concerning the permitted uses of industrial powered lift trucks in your application.

If the lift truck has been found to meet the outlined standards, the following labels may be put. A marked truck will have the model designation put on the forklift nameplate and would have one of the following labels placed.
