

Axle Tech Parts

Axle Tech Parts - The company of AxleTech International is a large supplier of specialty vehicle drive-train systems and parts along with off highway vehicles. They take great pride in being a chosen supplier to their customer base. AxleTech strives to exceed and meet their customers' expectations for technology, delivery, quality and service. They believe in working in an atmosphere which encourages the utmost integrity with empowered collaboration, together with a unrelenting pursuit of results.

AxleTech International falls under the umbrella of General Dynamics. They put great emphasis on being an environmentally conscious business and providing a safe surroundings for their employees to work in. In addition, they have applied various programs in the organization in order to help articulate these values within their business policy. AxleTech gladly shares this policy and welcomes interested parties to provide them with whatever comments or questions, because they are happy to share and promote this policy with a greater knowledge of their efforts. They are very dedicated to preserving and improving the surroundings. AxleTech has an EHS program that not just protects the environment but which even actively protects their neighbors and workers as well.

AxleTech prides themselves as being a ground-breaking drive-train solutions provider. They specialize in manufacturing and designing planetary axles used for both commercial and military applications. These applications vary from construction equipment to airport ground support. AxleTech specially designs axles so as to meet certain application demands. They have more than one thousand different axle specs within their current offering. With more than 100+ years of experience and history, AxleTech proudly supplies the most complete solution for whichever of your axle needs. The business is well known in several military and commercial applications. They provide complete axle assemblies used for aftermarket replacement needs, along with servicing axle needs for OE production. Their high mobility ISAS have further details that can be seen in the "ISAS" product collection.
