

Lull Telehandler Part

Lull Telehandler Parts - Lull telehandlers have been supplying precision load placement since the year 1959. Whether the job involves transferring loads, positioning heavy steel or landing loads on scaffoldings, using a Lull telehandler will really help make the task go easier and faster. These units are complete along with the patented Stabil-Trak stability system to ensure operator confidence.

The horizontal placement system by Lull could supply eighty inches of boom travel for precision placement capabilities. There are likewise a lot of optional Lull attachments for their telehandlers in order to help complete whatever work.
